

Drinking Water (filtered)

Faculty provide free drinking water (filtered) at several spots in the faculty area.
It would be cleaned and serviced accordingly.

Exhibition Gallery

Gallery for Public is permanently free for all. It has history of the university and faculty, information about the university, as well as exhibition of remarkable products and crafts that have won awards and medals during competitions.

Hazardous Materials Disposing Area

The faculty has policy when keeping and handling materials, especially hazardous materials. There are SOPs for all type of equipment and materials in all laboratories. For the hazardous materials, there are specific areas with signage showing that the material is dangerous and need proper handling. Each year, the staff will conduct a day for managing and disposing the hazardous material.
